

Thank you...

To the staff at Dodge Park,

I want to thank you for the care you gave my mother Eunice Thomson. She was with you only 6 months, but the care she received was exceptional and I saw this with all the clients.

You understood her as no one else has. I believe she was the happiest there than she had been for quite sometime.

Thank you for your devotion and exceptional standards for all your clients and their families. The gift of a tree planted in Isreal in her name touched me greatly.

You will always be in my prayers.
