

Dear Courtney -

Thank you so much for every single thing you did to help Marion and me in our time of need - it was a very long time of need. You really are wonderful at what you do and I'm not surprised I heard so many nice things about you from the Dodge Park employees.

Everyone at DP was wonderful and I still plan on writing a review and thank you letter. The flowers were so special and lasted for weeks and the tree planting would have meant so much to Marion.

It was a pleasure and privilege to get to know you a little and I truly appreciate everything.

From,
Diane K.
