

To the entire Dodge Park and Oasis Family,

We wanted to express how incredibly grateful we are for the outstanding care our mom has received at Dodge Park and Oasis at Dodge Park. Although she has only been a resident for a few months, it is already clear how deeply the staff cares about the people who live there. Every interaction feels warm, patient, and genuine — something that has brought our family tremendous peace of mind during a challenging transition.

Communication with families is exceptional. The team keeps us informed, listens to our concerns, and truly partners with us to ensure our mom receives the best care possible. It never feels transactional; it feels collaborative and compassionate. One of the main reasons we chose Dodge Park and Oasis was because of their remarkably low staff turnover at every level. That consistency means the staff really gets to know each resident — their needs, preferences, and personality — which helps our mom feel more comfortable, understood, and at home.

It comes as no surprise that Dodge Park and Oasis at Dodge Park were named both “Caring Super Stars” and “Family Favorite Communities” by Caring.com in 2026 — the only senior living community in Massachusetts to earn this distinction. Congratulations!! After seeing the level of dedication, stability, and care firsthand, we understand exactly why.

Thank you! We feel fortunate every day to have our mom in such capable and compassionate hands.

Many Thanks,
Brenda N. and Alan K.
