

**Dear Staff at Oasis;**

Thank you from the bottom of our hearts for taking such good care of our mom/grandmother. She was only with you for a short time but you made her feel very comfortable and safe. Thank you also for the beautiful flowers that you sent and the tree dedication plaque in mom's honor. It is much appreciated! You are all very special people and amazing at what you do!

Happy and Healty 2026 to you all and your families.

Love,  
Lou Ann F. and Family
