

Dear Judy,

There are no words in the dictionary to properly state what you mean to me.

There are no words to properly express what you meant to my Dad either, without you in our lives, I just imagine Dad's life would have been a lot shorter, a lot sadder and a lot more lonely. For me, my life would have been constant worry as well as a feeling of helplessness.

Thank You

I thank God for you

You're a wonderful, caring, attentive, and thoughtful lady that I just don't know what I would have done without.

God Bless
